

2CH NVRmini RELEASE!

Perfectly Present Megapixel Quality

- ▶ Recording performance (per channel):
23fps @1.3 M/ 10fps@3M/ 7.5fps @5M (H.264)
- ▶ 2 Bay, up to 3T.

Key Benefit and Features

Reliable Linux-embedded server

- Free from Virus attack
- Raid 0,1 prevention of data loss
- Server-Client structure guarantees the quality of monitoring & recording performances.

Expandable system with multiple servers

- Scalable with NV-series 4/8/16ch models, multiple servers monitoring up to 128ch simultaneously
- Compatible with NUUO CMS, advanced alarms and videos management.

Easy installation & operation design

- 4 steps installation within 5 minutes
- UPnP search for auto cameras detection. Camera setting is within a minute.
- GUI schedule makes configuration fast and flexible

Functional integration & Video Analytics

- Camera I/O integration
- Point of Sales (PoS) catches up more retail business opportunities
- Digital watermark on exported video or snapshot
- Support 3 actions for camera's system event
- Playback system with 5 intelligent search modes

Hardware Specification

Model	NV2020
Recording Cameras	1-2
Number of Drives	2xSATA II
RAID Level	RAID 0,1
I/O Interface	1xUSB 2.0 (for UPS)
LAN Transmission Speed	10/100/1000 Mbps (RJ45)
Voltage	100-240V
Power Consumption	39W
Dimension (device)	92.0 x 145.2 x 213.2 mm
Weight (device)	1.0 kg (2.2lbs) without drives

Support Megapixel and H.264 IP cameras
